

Address of Convenience Investigation Referral Form

We will investigate the following applications where there is doubt about the address being given:

Where a new round application has been made to us as part of the normal intake to Reception, Year 3 and Year 7

Where an in year application has been made to us on the CMA form

For new round applications we will decide whether we can accept an application as the Home local authority. However, in all cases, where there is dispute, the decision on which address should be used for the allocation of places will rest with the admission authority for the school.

We can't investigate cases where an in year application has been made directly to the school on an SMA form. In such cases any concerns should be sent directly to the school.

If you believe a parent/carer has used an address that the child does not live at to obtain a school place or used a temporary address while retaining a property elsewhere, please complete this form and we will investigate your referral.

Section

Details of any parent / member of the public who makes a referral will be kept confidential as part of the investigation. They will not be identified to the applicant being investigated.
