

# Business Continuity Exercise

**Surrey County Council  
Emergency Management Team**

## Introduction

Once your organisation has developed a Business Impact Analysis (BIA) and a Business Continuity Plan (BCP) it is essential

**7.** If so, what actions would you now take to mitigate their loss? Have these recovery actions been recorded in your BIA?

**8.**

**9.** Who else would you need to inform of the incident and in what priority order? Has it been identified who would contact these different stakeholders?

**10.** Are the key contact details in your BCP up to date, when were they last checked?

**11.** Are there any sections of your BIA and BCP you are now going to update following this scenario? If so, which sections?
